Cottages: Geography and History

Oherwydd y cynnydd sydyn ym mhoblogaeth Cymru yn ystod y Chwyldro Diwydiannol, roedd mwy o bwysau ar y tir; codwyd tai newydd ar dir a gawsai ei gau eisoes neu ar gyrion tir comin. Yn ystod y bedwaredd ganrif ar bymtheg, trawsffurfiwyd yr hen Gymru wledig yn wlad drefol a diwydiannol.

The steep increase in Wales' population in the Industrial Revolution put more pressure on the land; new houses were built on already enclosed land or on the fringes of common land. During the nineteenth century Wales was transformed from a rural country into an industrialised, urbanised nation.
